

Mechanical Aptitude Test (MAT)

“Test mechanical smarts. Predict real-world performance.”

What is the MAT?

When selecting employees who will be performing jobs that involve mechanical or equipment repair, general building maintenance, knowledge of tools and/or general mechanical concepts, it is important to assess such skills objectively. Failure to do so could result in hiring individuals who could cause harm to themselves and those around them.

The Mechanical Aptitude Test (MAT) provides a valid, reliable, and objective measure of an individual's knowledge of general mechanical concepts. The test consists of 30 questions that touch on several areas.

The MAT assesses CANDIDATES' knowledge of:

- Electrical concepts
- Basic Measurement and Math
- Mechanical movement / effects of moving objects
- Physical properties / effects of weight properties
- Spatial reasoning / assembly
- Tools

Test details:

- 30 questions
- Untimed (approx. 15 mins)
- Follow up interview questions
- Online administration
- Immediate score report
- Management suggestions

Benefits of The MAT:

- **Simplicity:** simple to use, easy to understand.
- **Online:** 100% cloud-based; data safe and secure.
- **Technology Platform:** the profile forms part of the PsyMetrics Assessment Platform.
- **Control:** Clients have full control over their PsyMetrics system and process.
- **Cost Effective:** Flexible costing structure.
- **PsyMetrics:** In addition to the MAT access 25 other assessment tools from the same platform.
- **Application:** Screening, selection, promotion, & development
- **Input-Throughput-Output:** Approx. 15 minutes to complete, instant report generation and rigorous reporting.
